Mission Statement

H2GO is committed to assuring a quality of life for our valued customers by providing the highest levels of water and sanitary sewer services, from Source to Stream, in a safe and efficient manner.

As professional service providers, H2GO in cooperation with its community partners will comprehensively plan, develop, maintain and operate the District's utility systems in a customer service oriented and cost-effective manner.

Join the
CORE
Cooking Oil Recycling Effort

H2GO's Cooking Oil Recycling Effort (C.O.R.E) is a nationally recognized program to collect and recycle used cooking oil. Fats, Oils, and Grease create major problems in our community sewer systems. Save our sewers! Used cooking oil and grease should always be disposed of properly. Never pour any type of oil down a drain or toilet! Even if the oil is poured slowly into a drain followed with hot water, this will eventually cause problems with your home's plumbing and the sewer system as a whole. Join the C.O.R.E. Any used cooking oil or grease including vegetable oil, fish oil, bacon grease, chicken fat, and pork fat can be recycled. And, all recycled cooking oil will be used to create Biofuel. Cooking oil recycling reduces sanitary sewer problems and is good for the environment.

1. COOL IT

CAUTION: IT IS HOT! Always COOL DOWN your cooking oil and grease in the fryer or pan before collecting it in one of our collection jugs.

2. STORE IT

After letting the oil cool, it should be poured into a clean plastic container with a properly fitting lid. The container can be a FREE C.O.R.E container (available at one of our many collection sites), the oil's original container or any other clean plastic container that is convenient.

3. RECYCLE IT

When your container is full, take it to one of our many collection sites! All Brunswick County residents are encouraged to participate and help save our sewers! This is a community effort!

ACCEPTED

- ☑ Canola Oil
- ☑ Coconut Oil
- ☑ Corn Oil
- ☑ Grape Seed Oil
- ☑ Olive Oil
- ☑ Palm Oil
- ☑ Peanut Oil
- ☑ Soybean Oil
- ☑ Safflower Oil
